

Omni-light

> > view the Tota-light

The wide focusing range of the Omni-light makes it a flexible key or back-light. Add diffusion or an umbrella, and it's a soft fill source. Swap the power cord & lamp and it becomes a battery powered, hand-held light. Available with a host of accessories and built for heavy duty long life, the popular Omni is the perfect companion to the Tota.

Multi-use, tungsten halogen source.

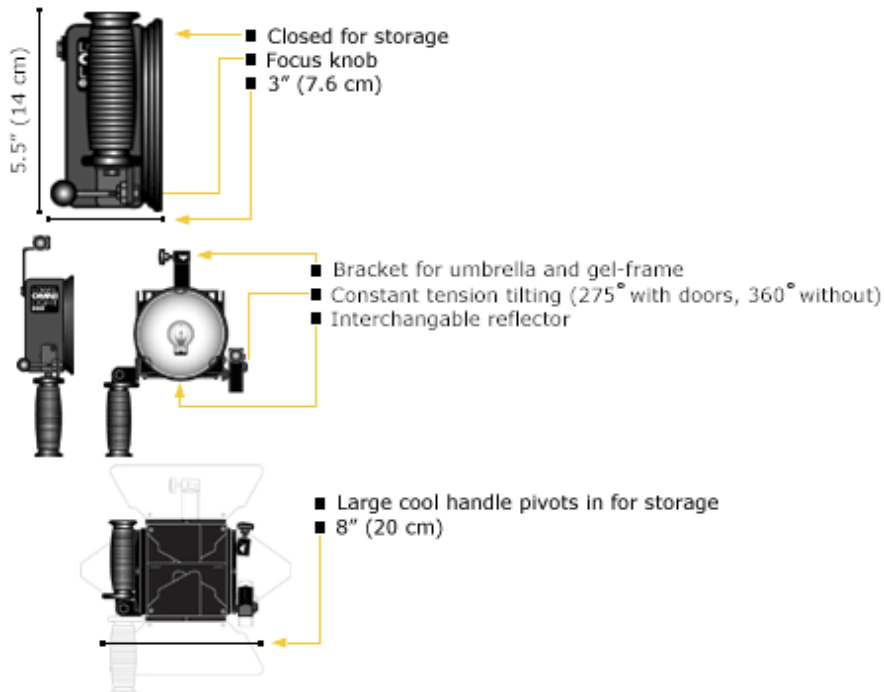

Double parabolic, peened reflector provides non-crossover beam for maximum efficiency and gel life.

- **Watts:** 500, 420 & 300 at 120v, 500 & 300 at 220/240v, 250 at 30v, 100 at 12v.
- **Focus range - 6:1** with #1 reflector & FTK lamp.
- **Quick-change super-spot** accessory reflector for exceptionally long throws at all voltages
- **Protective front screen** must always be used.
